

REMARKS

Headings have been added to the specification, a new abstract has been substituted, and a sketch enclosed showing legends for the drawing.

In response to the indefiniteness rejection, claim 29 is substituted for claim 1, and the dependent claims have been amended. Applicant believes that all grounds for objection or rejection have been eliminated.

Applicant appreciates the indication of allowable subject matter. Upon entry of the amendment, allowance of the application is requested.

Respectfully submitted,

By David R. Treacy
